INTERNSHIP PROGRAMMES

Haryana State Commission for Women has introduced Internship programmes to give law students an insight into the legal aid and services mechanism besides various legal literacy programmes and schemes. It is one of its kind initiative to build the capacity of not only Intern/Students by providing them an opportunity to gain practical experience in the legal services field but also of this Authority through feedback received from law interns. Internship programme is a unique platform for law students to put their knowledge, skills and experience into practices and take initiatives to reach out to the weaker sections of the society and see that they are benefited by the legal Services Programmes. Internship programme will be instrumental in bringing about directional changes in the implementation of various schemes and Legal Services Programmes. The knowledge and experience of grass root realities gained at the initial stage of academic pursuit would be immensely valuable in their professional career.
